ANALYSIS

The subject parcel is currently developed with a single family residential structure. The current county zoning for the parcel is R-E (Rural Estates Residential), which allows 2.00 units per acre. The city's equivalent zoning is R-E (Residential Estates), with an O (Office) General Plan Designation. The applicant has indicated the proposed use for the site will be office and outside storage space.

This property is in an area considered to be appropriate for annexation in that it meets the provisions of NRS 268.580 No. 2 (b), which states, "Not less than one-eighth of the aggregate external boundaries must be contiguous to the boundaries of the annexing city.

Additionally, the site is located within the North Las Vegas Airport Overlay District, with a height restriction of 175 feet. The existing structures on the subject site are in compliance with the Airport Overlay height restriction.

FINDINGS

In the event the annexation is approved the applicant will need to submit applications for a General Plan Amendment and Rezoning to accommodate their proposed outside storage land use. Since the subject property meets NRS requirements pertaining to annexations and is consistent with the land use designations utilized in the city, staff recommends approval
